

Someone once said, "When a horse dies, it's an excellent time to dismount!" (Anonymous). We (the Church) are prone to stay on our dead horses.

### **Alternatives to Dismounting a Dead Horse**

- Buy a stronger whip. (Just beat it harder. You're bound to get some more life out of it!)
- Appoint a task-force to study the dead horse.
- Put a memorial plaque on it. (That'll keep it around.)
- Name it something different.
- Rotate riders...on a dead horse!
- Call a pastor who is a "*Horse Resurrector!*"
- Buy cases of air freshener. Just cover it up.
- Ignore it.

Group Discussion:

What are the top ten dead horses in the Church (or our church) today?
