

TIPS for the Zoom Pageant

- 1) Think of it as a Congregational Drama done together. The process is as important as the performance. Have fun with it!
- 2) Works best if people are on Speaker view. Still works if people phone in. They don't have to see it to understand it.
- 3) Cast it either ahead of time (if possible) or right before reading it during the service. OK to double or triple cast parts.
- 4) Distribute the script electronically to people ahead of time (mail to the ones who phone in).
- 5) Young children and their caregivers can easily be animals together.
- 6) Costumes? Hats? Up to you. Can be done with or without.
- 7) Record it so that you can send the link to everyone afterwards.
- 8) Merry Christmas!
